

Sai Erukala

Front-End Developer

Hyderabad, India | +91-7989672916 | sai.erukala1508@gmail.com | LinkedIn | Portfolio

Summary

Front-End Developer with 2.5+ years of experience building responsive, production-grade single-page and server-rendered web applications with React.js, Next.js, and the modern JavaScript ecosystem. Skilled in building reusable component architectures, managing application state, and integrating Node.js and Express.js REST APIs. Focused on performance, clean code, and shipping features within Agile teams.

Skills

React Expertise: React.js, Next.js, Redux Toolkit, React Router, Context API, React Hooks, Server-Side Rendering

Front-End: JavaScript (ES6+), TypeScript, HTML5, CSS3, Responsive Design

Backend: Node.js, Express.js, REST API Integration, Axios

Database: MySQL, PostgreSQL, MongoDB

UI & Tools: Material UI, Tailwind CSS, Jest, React Testing Library, Unit Testing, Git, GitHub, CI/CD

Experience

UX Crafts

React Developer

Nov 2024 – Present

Hyderabad, India

HRMS – Human Resource Management System

- Built the HRMS front-end in React.js with React Hooks and Tailwind CSS, delivering the Employee Management, Attendance, Leave, Team, Projects, and Help Desk modules used by 300+ employees.
- Developed REST APIs with Node.js, Express.js, and MySQL to power attendance, leave approvals, and help desk ticketing.
- Added client-side validation, search, and filtering across modules, reducing data-entry errors and improving usability.
- Wrote unit and component tests with Jest and React Testing Library, increasing coverage of critical flows and catching regressions before production.

TG Agros ERP

- Developed the core Sales, Purchasing, and Inventory Management modules in React.js with Redux Toolkit for state management and a reusable component library styled with Material UI.
- Built Node.js and Express.js REST APIs on PostgreSQL, optimizing large data tables with pagination and lazy loading.
- Improved performance with route-based code splitting, lazy loading, and React.memo, cutting initial load time by around 30%.

Kwikkoder-IT Solutions

React Developer

Oct 2023 – Nov 2024

Hyderabad, India

Sri Lakshmi Kalamkari – E-Commerce Platform

- Built a server-rendered e-commerce storefront with Next.js, React.js, and Tailwind CSS, delivering the Product Catalog, Cart, and Checkout modules and supporting 500+ monthly orders.
- Built reusable React components and improved SEO and load performance with Next.js server-side rendering, achieving Lighthouse scores above 90.
- Integrated Node.js and PostgreSQL REST APIs for the Product Catalog, Search, and Order Management modules, with responsive, mobile-first layouts for seamless checkout across devices.

Education

Full-Stack Web Development (MERN Stack) – NxtWave

2022 – 2023

B.Tech, Mechanical Engineering – Malla Reddy Engineering College, Hyderabad

2017 – 2021

Diploma, Mechanical Engineering – Jyothishmathi Institute of Technology, Karimnagar

2014 – 2017
