

Sai Erukala

Frontend Developer

Hyderabad, India | +91-7989672916 | sai.erukala1508@gmail.com | [LinkedIn](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Results-driven Frontend Developer with **2+ years** building scalable, high-performance web applications across tax management, e-commerce, and enterprise platforms. Expert in **React.js, Vue.js, Next.js, Nuxt.js**, Node.js, PostgreSQL, and REST APIs. Passionate about clean architecture, engineering excellence, and high-impact products at scale.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), HTML5, CSS3, SQL

UI & Styling: Tailwind CSS, MUI, Ant Design, Bootstrap, shadcn/ui

Backend & APIs: Node.js, Express.js, REST,

Tools: Git, GitHub, Vite, Postman,

Frontend: React.js, Vue.js, Next.js, Nuxt.js

State Mgmt: Redux, Vuex, Context API

Databases: PostgreSQL, MongoDB, SQLite

PROFESSIONAL EXPERIENCE

Software Engineer | UX Crafts

Nov 2024 – Present | Hyderabad, India

- Engineered **SEO-optimized** web apps with Vue.js, Nuxt.js, and Tailwind CSS across tax, tourism, and solar verticals, improving Core Web Vitals and organic search visibility.
- Architected the **DhruvTax Document & Client Management System** with multi-stage automation workflows, real-time collaboration, and audit tracking for complex B2B tax operations.
- Built **role-based access dashboards** with granular permissions, full CRUD, and PostgreSQL-backed data integrity – reducing unauthorized access incidents to zero.
- Shipped full-stack features within Agile sprints via Inertia.js and Laravel 11+, collaborating with UX designers and backend engineers.

React.js Developer | Kwikkoder-IT Solutions

Oct 2023 – Nov 2024 | Hyderabad, India

- Developed a **School Management System** with React.js, Redux, Material UI, and Ant Design enabling real-time tracking of attendance, admissions, and fee status for thousands of students.
- Designed and integrated **RESTful APIs** with Node.js and Express.js backed by PostgreSQL, supporting scalable CRUD operations with robust validation and error handling.
- Built **Sri Lakshmi Kalamkari (SLKW)**, a production e-commerce platform with Next.js, Redux, and Tailwind CSS featuring SSR routing, responsive UI, and integrated order management APIs.
- Reduced component re-renders by **30%+** through optimized Redux state architecture and React memoization, significantly improving application responsiveness.

KEY PROJECTS

DhruvTax – Document & Client Management System

Nov 2024 – Jun 2025

Tech: Vue.js, Nuxt.js, Laravel 11+, Inertia.js, Tailwind CSS, Daisy UI, shadcn/ui, PostgreSQL

- Delivered multi-domain SSR platform (tax, tourism, solar) achieving strong Core Web Vitals and improved Google indexing; automated multi-stage workflows with real-time collaboration for distributed B2B teams.

E-Commerce Platform – Sri Lakshmi Kalamkari

Aug 2024 – Nov 2024

Tech: Next.js, React.js, Redux, Tailwind CSS, Material Tailwind, PostgreSQL, Fetch API

- Built full-featured fabric e-commerce storefront; leveraged Next.js SSR/SSG for SEO and performance; Redux for global state; PostgreSQL-backed APIs for catalog and order management.

School Management System

Oct 2023 – Aug 2024

Tech: React.js, Redux, Material UI, Ant Design, Node.js, Express.js, PostgreSQL

- End-to-end school administration platform (attendance, admissions, fees); Node.js + Express.js REST API with PostgreSQL; modular React component library accelerated feature delivery.

EDUCATION

B.Tech, Mechanical Engineering | Malla Reddy Engineering College, Hyderabad

2017 – 2021

Diploma, Mechanical Engineering | Jyothishmathi Institute of Technology, Karimnagar

2014 – 2017
